

## GERMANY AGREES TO ULTIMATUM

NEW CABINET  
IS SELECTED TO  
ACCEPT TERMSNEW CHANCELLOR NOTIFIES AL-  
LIES OF GERMANY'S INTEN-  
TION TO YIELDREICHSTAG VOTES FOR ACCEPT-  
ANCE BY A VOTE OF 221  
TO 175By CARL D. GROAT  
(United Press Staff Correspondent)Berlin, May 11—Germany finally  
yielded to the allies today.With the cabinet chosen especially  
to accept the ultimatum, Chancellor  
Wirth today sent to London, Paris  
and Rome a note agreeing uncondi-  
tionally to all demands.The note was handed to allied am-  
bassadors here also. Evidences  
shaped themselves rapidly yesterday  
and the majority socialists, democrats  
and centrists leaders decided the ul-  
timatum must be accepted. Dr.  
Wirth, former premier, succeeded in  
forming a coalition cabinet from the  
third party. Wirth immediately  
went before the Reichstag with rec-  
ommendations that the ultimatum be  
accepted.The Reichstag accepted the ultima-  
tum by a vote of 221 to 175, many of  
the opposition voting independently  
for the acceptance. Telephone mes-  
sages to the foreign office declared  
that the Polish forces have launched  
a heavy attack on West Oder. The  
towns of Ratibor and Kosel were said  
to be threatened.France Disappointed at Germany's  
AcceptanceParis, May 11—Disappointed by los-  
ing a chance to seize the Ruhr valley,  
France waited today for Germany's  
final note of surrender.Officials admitted that the invasion  
would be held up if Germany's note  
accepting the ultimatum is as sweep-  
ing as reported. The French, how-  
ever, made no move to cancel the  
troop order or other preparations.  
They regard the invasion only as  
postponed and not abandoned.Paris reports laid the final settle-  
ment to American pressure on Ber-  
lin. Secretary Hughes' last note bid-  
ding Germany to make an acceptable  
offer to the allies was credited with  
being the deciding factor in the Ber-  
lin decision.Cox Favors Giving  
the Administration  
Chance to Make Good

(By United Press)

New York, May 11—"Let 'em alone  
for the present."This sums up the attitude of James  
M. Cox, democratic leader, toward the  
republican administration as given in  
an exclusive interview with the  
United Press here today.Cox is in favor of giving the ad-  
ministration a chance to make good.  
"The country had enough of polit-  
ical sabotage during the last term of  
the Wilson administration," he said,  
"and there will be plenty of time for  
the democrats to perform their func-  
tion of their opposing party if the  
republicans have an opportunity to  
demonstrate their capacity for run-  
ning the government."LaFollette Attacks  
Hardings' Policy

(By United Press)

Washington, May 11—Republican  
leaders in the senate profess little  
interest today in the LaFollette res-  
olution condemning participation by  
the United States in the allied treaty  
councils. They said it would never  
come to a vote in the senate and was  
introduced merely as the basis for a  
speech. Senator LaFollette did not  
have his resolution referred to the  
foreign relations committee. He can  
call it up in the senate today or some  
later day. He is preparing a speech  
on it, and that may give rise for some  
discussion on Harding's acceptance  
of the allied invitation to re-enter  
the allied councils.

WILLIAM LEEDS, JR.

William Leeds, Jr., young son of  
Princess Anastasia of Greece, who is  
to wed Princess Xenia, niece of King  
Constantine.Rail Labor Hits Snog;  
Wage Cut Made by CourtChicago, May 11—The first legisla-  
tive snag which the railroad labor  
board has encountered came to light  
yesterday when counsel for the Geor-  
gia & Florida railroad, under a re-  
ceivership established by a state su-  
perior court, cited an order saying  
it was "not only the power but the  
duty of the court to determine what  
wages should be paid in the preser-  
vation of the property in charge of  
the court."The court assumed entire responsi-  
bility for wage reductions which em-  
ployees contended before the board  
were without agreement with em-  
ployees.The order, dated April 14, came  
from Judge Henry C. Hammond of  
the superior court of Richmond  
county, Georgia, ratifying a wage re-  
duction on Jan. 1, 1921, and reserving  
the right, "though it is hoped that  
it may not be necessary to exercise  
the same, to further reduce said wage  
scale should it be necessary to pro-  
tect said property."Answering charges of E. P. Curtis,  
speaking for the employees, that the  
receiver had reduced wages without  
the formalities required by the trans-  
portation act, Ben Cain, representing  
the carriers, read a lengthy state-  
ment setting forth the condition of  
the road.The court order declares it was the  
duty of the court to conserve the  
property and see that it was not de-  
stroyed "either outright or gradu-  
ally by continuing its use as an op-  
erated railroad when and under con-  
ditions where operating income is less  
than the operating expense, and thus  
consume the property."Musicians Will  
Fight Salary Reduction

(By United Press)

St. Paul, May 11—The American  
Federation of Musicians will "fight to  
a finish" any attempt to reduce sal-  
aries, according to a resolution adopt-  
ed at the national convention here to-  
day.Notice had been received that be-  
cause of deplorable conditions a  
wage cut of 25 per cent will be made  
effective May 15.

## Airplane Stolen

(By United Press)

St. Paul, May 11—Missing—one air-  
plane.Police at Stillwater were asked  
late Monday to look for a stolen air-  
plane.It was said to have been crated for  
shipment when it disappeared. Offi-  
cers at the Curtiss Northwestern Air-  
plane company were not inclined to  
talk about it.D. J. Hill is Selected  
As Jap Ambassador

(United Press)

Washington, May 11—David Jayne  
Hill has technically been selected as  
ambassador to Japan according to  
authoritative information today.Strong opposition is arising to  
President Harding's selection of Ja-  
cob Schurman as minister to China.DRAFT DODGER  
DEFIES U. S. GOVT.SNAPS HIS FINGERS AT INVESTI-  
GATION BEING HELD IN  
WASHINGTON

(United Press)

Eberbach, Germany, May 11—  
Grover Cleveland Bergdoll, draft  
dodger, defied the United States gov-  
ernment today.Informed by the United Press of  
the statement by Chief of Staff March  
that the war department is deter-  
mined to get Bergdoll out of Ger-  
many "at any price," the slacker said:  
"You can tell the world that we  
won't be captured in Germany."Bergdoll asserted that American  
representatives signed an agreement  
with two United States soldiers after  
an attempt to kidnap him, not to mole-  
st him and his chauffeur, Eugene  
Stecher, and that the United States is  
in honor bound to leave him alone.Bergdoll snapped his fingers over  
an investigation being held at Wash-  
ington. He showed no concern over  
the grilling to which his mother was  
to be subjected at a congressional  
committee.Living a life of ease here and  
looking up to as a brave man to defy  
a powerful government, Bergdoll and  
his chauffeur enjoy themselves.Senate Will Vote  
on the Emergency  
Tariff Bill Today

L. C. MARTIN,

(United Press Staff Correspondent)

Washington, May 11—The senate  
will vote today on the emergency  
tariff bill. Under an agreement last  
week the voting begins at 3 P. M. and  
indications are that the measure will  
pass. It has already passed the  
house and will go to conference as  
soon as the senate has disposed of it.  
In spite of virtual certainty that  
the bill will get enough votes to pass  
today, its chance of final enactment  
into a law is regarded cynically by  
many members of congress. Republi-  
can members, some of whom will  
vote for it today, are ready to wager  
it never becomes a law.Washington, May 11—Charging the  
author of an amendment to the em-  
ergency tariff bill with a desire to  
kill it, Senator Penrose today served  
notice on the senate that the bill is  
to be passed as the finance committee  
reported it. The final vote will be  
taken late today.Penrose scolded Senator Simmons,  
leading democratic opponent of the  
measure, as Simmons had appealed  
for consideration of an amendment  
proposed by Jones of New Mexico  
placing a duty of five cents a pound  
and fifteen per cent ad valorem on  
hides."You ought to help expedite this  
bill," said Penrose to Simmons. "In-  
stead you are trying to hamper it."Body of Watchman Is  
Found in Mississippi

(By United Press)

St. Paul, May 11—The body of Alex  
Noble, watchman in the Dyers Brothers  
music house here, was found in the  
Mississippi at the foot of Water  
street today.Noble disappeared when firemen  
were called to fight a fire that broke  
out in the music house. Police said  
the fire was incendiary.State Convention  
Of Eastern Star

(By United Press)

St. Paul, May 11—Election of state  
officers of the Eastern Star was sched-  
uled this afternoon at the state con-  
vention of the order meeting at the  
Masonic Temple.Governor Preus was the chief  
speaker at a banquet last night.  
About two thousand delegates were  
present.Bread Prices Are  
Reduced in St. PaulSt. Paul, May 11—Bread prices  
were reduced one cent to consumers  
here yesterday. Popular pound loaves  
will sell at eight cents instead of  
nine.Baseball Games  
Draw Larger Crowds  
This Year Than Ever

(United Press)

Chicago, May 11—Baseball mag-  
nates have succeeded in retaining the  
faith of the American public in the  
game through giving Judge K. M.  
Landis supreme power over the sport.This was shown today when figures  
for attendance at major leagues  
throughout the country so far this  
season were made public here today  
by the national commission through  
the United Press.The average attendance at games  
so far this year has averaged between  
four and five thousand over that of  
last year.Unofficial figures show the major  
leagues are averaging about 22,000  
persons for seven games a week.  
Nearly 3,000 more fans are watching  
the minors play daily than last year,  
it was estimated.AUTO INDUSTRY IS  
BACK TO NORMALEIGHTY PER CENT OF MEN NOR-  
MALLY EMPLOYED ARE  
AT WORK

(United Press)

Detroit, Mich., May 11—Eighty per  
cent of the men normally employed in  
the seventy-nine automobile plants  
here were back to work today. Addi-  
tional men are being hired at the  
rate of three thousand a week, accord-  
ing to the manufacturers' employ-  
ment association. These two impor-  
tant developments are expected to  
bring the automobile industry back to  
a nearly normal basis.

DEMOCRATIC BOSS  
KILLED IN CHICAGOWAS RIDDLED WITH BULLETS IN  
FRONT OF HIS  
HOME

(By United Press)

Chicago, May 11—Tony D'Andrea,  
democratic political boss of the  
"Bloody Nineteenth" ward, was ridd-  
led with bullets in front of his home  
here early today.Assassins concealed in a vacant  
apartment on the first floor of the  
building fired six shots at the "Little  
Italy" chieftain alighted from a taxi.  
Five shots entered his body. D'An-  
drea is in a hospital mortally wound-  
ed. His wife, Lena, who was always  
fearful of her husband's life, rushed  
to the street in her night clothes  
when she heard the shots.The attack came as a climax of  
months of assassinations and slug-  
gings, for which "Little Italy" is given  
the name of "Bloody Nineteenth"  
ward.D'Andrea was defeated in the last  
election when he ran for alderman  
against John Powers.Newspaper Men  
Are Appointed Immi-  
gration Commissioners

(By United Press)

St. Paul, May 11—Oscar Smith,  
publisher of the Lester Prairie News,  
McLeod county, was nominated state  
immigration commissioner.The immigration board meeting at  
the capitol appointed A. J. Rutledge,  
Minneapolis, assistant commissioner.  
Rutledge formerly published a news-  
paper at Bemidji. Both will take of-  
fice at once.Farmer Blows Head Off  
With Stick of DynamiteHankinson, N. D., May 11—Julius  
Boehling, 53, a farmer living near  
here, blew the top of his head off  
with dynamite this morning after  
his wife had refused to go to town  
with him. He is believed to have  
been temporarily deranged.Mrs. Boehling pleaded a headache  
when her husband requested her to  
accompany him to this city, saying  
he wished to make his will.After bidding his children good-  
bye, Boehling went to the barn,  
placed a stick of dynamite in his  
mouth and lit the fuse.Stillman Will Face Wife  
and Son in Divorce Hearing

(By United Press)

New York, May 11—James A. Still-  
man will be sitting face to face with  
baby Guy when he is cross-examined  
on his charges that the child is the  
son of Fred Beauvais, Indian guide,  
according to plans of John E. Mark,  
the infant's guardian today.When Mr. Stillman testified in se-  
cret hearing of his divorce suit, Mark  
reserved the right to recall him later  
for cross examination. This ques-  
tioning will take place May 19 when  
the hearing is resumed, probably at  
Poughkeepsie.The infant Guy, as joint defendant  
with his mother in the banker's suit,  
will be brought to the council table  
and will sit on his mother's knee.It was reported that a Miss Kelly,  
formerly a maid in the Stillman  
home, would come forward as a new  
defense witness. She is said to be  
in a position to support Mrs. Still-  
man's denial of her husband's charges.Harding Modifies  
Postmaster RulingWashington, May 10—Former Pres-  
ident Wilson's order for selection of  
first, second and third class postmas-  
ters under civil service requirements  
was modified today by President  
Harding to give a wider field from  
which postmasters may be chosen.  
Instead of being required to select the  
candidate standing highest in a civil  
service examination for any specific  
postmastership, the administration  
may under today's order give the  
place to any one of the three at the  
head of the qualified list.

Mrs. J. Borden Harriman in the Rus-  
sian headdress which she wore at the  
ball given in Washington for the bene-  
fit of the Russian relief.Pillsbury Talks  
Of Flour Prices

(United Press)

Minneapolis, May 11—The consum-  
ers will get the advantage of an  
abundant wheat crop now in, accord-  
ing to millers and crop experts.When the new wheat crop starts  
coming in, old wheat is expected to  
drop again, and if it does the drop  
will be reflected in the flour prices  
millers declared. Flour is now sell-  
ing at four dollars per barrel under  
quotations of last September when  
the price first started downward and  
\$.50 below the first of the year."Flour prices change with the  
price of cash wheat," John S. Pilla-  
bury of the great Pillsbury mills here  
said today to the United Press."There probably will be many  
changes in the price of flour until  
the new crop appears when cash  
wheat should be easier."Estimates on price drops will de-  
pend entirely on how fast the new  
crop appears and on exports, Pilla-  
bury declared.Self-Styled Cousin  
of President On Trial

(United Press)

Chicago, May 11—Everett A. Hard-  
ing, self-styled cousin of President  
Harding, was scheduled to be appoint-  
ed assistant secretary to the chief  
executive, his attorney claimed when  
Everett went on trial here today  
charged with impersonating a gov-  
ernment officer."The papers arranging his appoint-  
ment were stolen from Everett's  
home when he was arrested," Henry  
Seligman, his attorney, said the ac-  
in federal court.Seligman filed a demurrer to the  
indictment.Trial was continued until May 23  
when Seligman said he would pro-  
duce the name of the person who he  
claims had promised Everett the fed-  
eral position.Immigration Bill Is  
Agreed to by Congress

(United Press)

Washington, May 11—Conferees  
agreed today on the emergency im-  
migration bill. It limits immigration  
for the next ten months to three per  
cent of the nationals of any country,  
residents in the United States under  
the 1910 census.The house conferees agreed to elim-  
inate an exemption in favor of relig-  
ious refugees.Imports Increase,  
Exports Decrease

(By United Press)

Washington, May 11—Increased im-  
ports but decreased exports in April  
as compared with preceding months  
of this year are shown by official for-  
eign trade figures released here today  
by the department of commerce.Exports in April were \$340,000,000,  
a drop of \$47,000,000 from the March  
figures. April imports amounted to  
\$225,000,000 compared with \$252,000-  
000 for March.N. P. DETECTIVES  
MAY BE CHARGED  
WITH MURDERKILLED TWO MEN AND FATALLY  
INJURED ANOTHER AT  
JAMESTOWN

(United Press)

Jamestown, N. D., May 11—Two  
Northern Pacific detectives who shot  
and killed two men here Sunday may  
be charged with first degree murder  
in warrants to be issued this after-  
noon, the state's attorney said.The detectives are Wm. Wyant and  
Henry Kearnes. They were placed  
in jail Sunday after the shooting and  
have been held since then. A Man-  
dan farmer who said the two dead  
men worked for him last summer,  
identified them as Fred Johnson and  
Joseph Hodkey. The latter is also  
said to be known as Carl Carlson. A  
third man wounded by the detectives  
is near death.Information was that the detec-  
tives shot the men down in the rail-  
road yards without provocation.Fire Destroys Block of  
Homes in Illinois Town

(By United Press)

Argo, Ill., May 11—Fire destroyed  
a block of homes here early today  
making a score of families homeless  
and caused damage amounting to  
\$100,000.Several persons were injured in  
fighting the flames. Many heroic re-  
sues were made when women and  
children were carried from their  
homes after being trapped by the  
flames while asleep. The blaze burned  
for five hours before it was  
brought under control.\$250,000 Obtained on  
Forged Money OrdersNew York, May 11—Information  
furnished department of justice of-  
ficials by two convicts in the Atlanta  
federal prison caused the arrest of  
three men charged with obtaining  
more than \$250,000 by forging stolen  
money order blanks. These men are  
said to be members of a band which  
also operated in Cleveland, Albany,  
Syracuse and Buffalo.This band, Mr. Schwartz asserted,  
worked in a novel way. One of them  
would obtain a position in a drug  
store soda fountain having easy ac-  
cess to a postal substation. The next  
step consisted in stealing a pad of  
money orders and an official postal  
stamp. The blanks and the stamp  
would then be mailed to a confeder-  
ate in another city.Charlie Chaplin  
Receives Severe Burns

(By United Press)

Los Angeles, May 11—Charlie Chap-  
lin, film comedian, realized the truth  
of "don't play with fire" today.Charlie was confined to his bed  
from burns he received while enact-  
ing a scene in "Vanity Fair."To make millions laugh Charlie  
wobbled into an actey scene torch late  
yesterday. His funny feet got twist-  
ed and he fell on the torch. His  
clothes caught fire. Quick action by  
studio employees saved him from be-  
ing badly injured.Asbestos underwear saved the up-  
per part of his body from injury. He  
will be back at the studio in a week.Investigating Death  
of World War Aviator

(United Press)

Boston, May 11—Official inquiry in-  
to the death of Lieut. Paton McGil-  
lery, world war hero aviator, showed  
he committed suicide "under unusual  
circumstances," police declared to-  
day.McGillery's body was found in an  
alley here yesterday. Death was  
caused by four bullet wounds fired  
into his head.It was learned that McGillery had  
deeded his automobile to a woman in  
the Back Bay and left a note which  
read "Goodbye Bobby."

THE WEATHER

Forecast for next 24 hours:

Minnesota—Generally fair to night and Tuesday, not much change in temperature.  
Cooperative observers record, May 10—Maximum 58, minimum 50. Reading in evening 50. Cloudy. South wind. Trace rain.  
May 11—Minimum during the night, 50. Rain.

Turcotte Brothers, it is said, pay the largest automobile license total of any firm in the city and use less country roads than any other firm in the city. They paid on five trucks and two automobile. "We are for good roads," said William V. Turcotte, "and are not kicking."

ENGINEER A. W. MOULSTER

Chosen As One of the District Superintendents in the New Highway Organization

(Pine River Sentinel-Blaze)  
At a meeting in Saint Paul last week when Commissioner Babcock called in all the highway engineers from over the state to outline to them the plan of carrying out the provisions of the new highway law, A. W. Moulster of Pine River was selected as superintendent of one of the sixteen districts in the state. Mr. Moulster will have charge of 466 miles of road with headquarters at Brainerd, and will no doubt have charge of the Cass county roads which have been taken over by the state highway department for maintenance and construction.

The plan provides for six hundred patrolmen who will be assigned to certain portions of the 7,000 miles taken over by the state.

All of the 7,000 miles of traffic will be patrolled in this fashion. Each

patrolman will have a team with a drag, a mower for weeds and other implements for keeping up his section of five to ten miles of road.

Supplementing these section men will be "floating gangs" of maintenance men going about under orders from the maintenance engineer of the division, doing the heavier jobs of repair, drainage, etc., necessary to keep the state trunk highways in good condition.

The many friends of Mr. Moulster will be pleased to learn of the recognition accorded him by the Highway Commissioner of the state. His selection is based purely on ability to deliver the goods in his line of work.

American Legion

Meeting at Elks Hall Wednesday, May 11 at 8 p. m. Let's Go. 289t2

The Uninvited Guest.

One evening I dropped in to see some intimate friends. When I entered the house I discovered to my surprise that they had friends for dinner. Before I could excuse myself their youngest daughter, Elizabeth, asked me if I had been invited to the party. Upon answering in the negative, she said, "Well, why did you come?"—Chicago Tribune.

## BRAINERD WATER PROBLEM SOLVED

George M. Shepard Writes of Brainerd's New Plant in St. Paul Daily News Article

## CEMENT TOWER IS DESCRIBED

Removal of Old Mains and Construction of New System has Largely Down Leakage

BY GEORGE M. SHEPARD,  
(Consulting Municipal and Hydraulic Engineer, St. Paul)

(From St. Paul Daily News, May 11)  
We in St. Paul have recently voted a bond issue for improvements and enlargements in our water supply. This is typical of what cities and villages throughout the country are doing in a greater or lesser manner each year.

In present times the accepted standard of living cannot be maintained without an ample supply of pure water both for domestic and commercial uses. To the layman in a large city water supply means a tap from which water runs when the tap is open, together with hydrants scattered here and there for fire protection. It is the business of the city to provide its inhabitants with pure water and unless some unusual issue is connected therewith the source of supply is not a matter of concern to the citizens. If the water supply needs treatment the large city provides the necessary staff of specialists.

### Village Problems Different

In a small city or village conditions are different. If a pure and adequate supply cannot be obtained easily the people resort to private wells with the accompanying evil of contamination and disease.

In the state of Minnesota there are 354 municipal water works systems, and it is with a view of describing the important features of the development of a water supply in a small city that Brainerd, Minn., has been selected as a typical case.

Brainerd is in Crow Wing county in the north central portion of the state in a region famed for its myriads of clear, sparkling lakes. It would seem that in a region of this nature the water supply would be the least cause for anxiety and that a plentiful supply of pure water could be obtained at almost any time.

### River First Source

Brainerd was originally founded as a railroad and logging town on the banks of the Mississippi river, and when in 1887 its first water works plant was constructed by a private company, the supply was taken from the nearest source, viz, the Mississippi. The original supply was perhaps naturally pure except for sawdust and refuse from sawmills and sediment carried down during freshets. With the increase in population, however this supply became more and more subject to contamination and under private ownership it was difficult to enforce effective means for disinfecting the water supply such as are taken in larger cities where river water is used.

In the older settled portions of the United States water supply systems were originally constructed by private capital and operated much along the same lines as other private utilities are at this time. With the exception of a certain few private water system which have been operated with remarkable efficiency experience has shown that where so large a portion of the expense is directly chargeable to public use for fire protection, sprinkling, etc. such an enterprise can be more satisfactorily operated by the municipality itself. In the state of Minnesota out of 354 municipal water systems, there are only five at the present time operated by private companies.

### Plant Bought in 1909.

In 1909 the plant was purchased by the city of Brainerd from the Minnesota Water Works Co., and since that time has been operated by a water and light board. The present water and light board consists of Carl Zapffe, president; A. A. Weidemann, vice president; W. D. McKay, secretary, and Alvin A. Arnold.

Shortly after taking over the plant the old station burned and the mains, which under private ownership had been largely constructed of a patented pipe called kalomine, began to develop a considerable leakage. This pipe corrodes easily and has a short life as compared with cast iron pipe, which is universally used at present, and which has a life of from 60 to 100 years. Pipe in good condition was uncovered recently in an eastern city after more than 100 years of service.

### New System Planned.

It became evident that the city would soon have to undertake the construction of practically a new system. Such a proposition was considered a number of times between 1909

and 1917, but was delayed on account of the war. In the construction boom of 1919 following the close of the war the matter was again agitated. A report and recommendations made by L. P. Wolff, a well-known municipal and hydraulic engineer of St. Paul, were adopted and his services secured for designing and supervising the construction of the work. Able assistance was given by R. T. Campbell, formerly of St. Paul, now city engineer of Brainerd.

This report, after careful consideration of a lake supply from a distant source, of a supply from filtered river water and a well supply from nearby gravel beds, recommended the well supply both on account of its lesser cost and its proximity to the distribution center. The report also recommended that a reservoir, a new system of mains and a water tower for pressure be constructed.

### Campaign Carried On.

Test borings were made and samples of the water taken before final recommendations were made. Analyses of the water were approved by the state board of health, and also were passed upon by the Northern Pacific railroad, which, because its shops are located at this point, is one of the largest consumers of water.

Based upon estimates of the engineer a bond election for the sum of \$200,000 was placed before the people of the city. An interesting campaign was carried on previous to the election in order to create interest and bring out a large vote. Wash drawings of the proposed structures were posted in prominent locations, samples of gravel from which the new supply was to be taken, together with sections of the old pipe showing its pitted and leaky condition, were exhibited. This together with educational articles upon the general subject of pure water supply and upon the saving which could be brought about by decreasing leakage were published in local papers.

Needless to say the bond election for this purpose carried with a large majority, inasmuch as citizens are generally becoming educated to the fact that pure water supply is essential.

### Tower of Concrete

Perhaps the most unique feature of this system is a reinforced concrete tower and tank. A number of concrete tanks have been constructed in Europe, but in this country only a few isolated tanks have been constructed of concrete. The tank has a capacity of 200,000 gallons and is 134 feet high, sufficient to give a pressure of from 40 to 60 pounds in various portions of the city. The tank is 40 feet in diameter and is supported by two concentric rings of concrete, the inner ring 8 feet in diameter and the outer 31 feet in diameter. The walls of the tank are reinforced with steel and the side walls have a thickness of 12 inches. An observation balcony on the outside is provided.

Bids were asked for upon both concrete and steel towers and tanks, but on account of the location of the tower in the central portion of the city, it became advisable to provide a structure of as artistic a design as possible. It was found that concrete was more adaptable for this purpose. The tank has been in service during the past winter and has proved entirely satisfactory.

The well supply consists of groups of wells, each group having three or four 8-inch wrought iron casings jetted down into the gravel to a depth approximately 80 feet. A screen was placed at the end of the casing to allow free filtration of water. The water from these well groups is pumped into the reservoir by low pressure pumps and from this reservoir by high pressure into the mains and tower.

### Four Pumps Available.

The pumping equipment consists of two pumps for domestic and two for fire use, inasmuch as for fire service a greatly increased amount of water would be required. In addition to being electrically driven by motors, the fire pumps have as an auxiliary, at the opposite end of the pumps from the motors, direct connection to high speed gasoline engines, so that in case the current is cut off accidentally, the gasoline engines are started and run through such an emergency. With the removal of old mains and construction of the new system, the leakage has been cut down so that now one pump, operating a portion of the time, furnishes the supply whereas previously two pumps were required operating continuously.

It may be of interest to note that upon opening bids for the work in 1919 the lowest price bid upon furnishing and laying some 40 miles of cast iron pipe was considerably above the estimates. The city then decided to purchase the pipe direct and to lay the mains by its own crew. This was done and a substantial saving effected.

ADVERTISE IN THE DISPATCH

## RUSSEL BROTHERS GET PAVING JOB

Superior, Wis. Firm to Lay the Three and a Half Mile Paving from Crosby to Deerwood

CONTRACT PRICE IS \$107,687.03

One of a System of Trunk Highways Which the State Will Maintain Without Extra Expense

Federal Aid Project No. 113, locally known as the Deerwood-Crosby project, has eventually been awarded to Russell Bros., of Superior, Wis., for \$107,687.03.

This means that Crow Wing county will have three and one-half miles more of hard-surfaced road, which the state pays for, and in doing the work in this county Russell Bros. will employ local labor.

On this and all of the trunk highway systems, the Gull Lake and Mille Lacs roads, Black Diamond Trail and all other improvements on the 100 miles of trunk highway within Crow Wing county, the county is refunded the amount of money spent. The state will take care of maintaining and construction and the county of Crow Wing gets the benefit of these roads without additional expense.

It also means that Crow Wing county has a county board that was far-sighted enough to take advantage of the \$250,000 bonding clause and have these roads built, whereas the county might have waited for years for these improvements. Crow Wing county should be proud that it has such a progressive board of county commissioners.

## BRAINERD'S ODDEST STORIES TODAY

The disturbing factor in the internal domestic economy of America in March was compilation of the income tax blank. With that safely tucked away in an envelope and sent to the proper officer, Minnesota settled down again. Now, in the month of May, comes the new automobile license or tax. It involves scraping your engine and hunting for the engine number; getting the serial number of the car and the last season's license number; when you bought the car and from whom; the list price and a whole lot of other statistics. And the whole thing must be made out and license money sent to St. Paul before May 15. Blanks are running short in Brainerd. This town has close to 800 automobiles and the county has several thousand.

And after you have the car license information compiled and raised the money for the tax, comes making out the return on your personal property tax list for the assessor, H. H. Schwartzkopf. In order to supply the deficit occasioned by taking some 789 automobiles off city tax rolls, the assessor is looking for jewelry. There are diamonds in Brainerd, he said. By the way, diamonds and but-ter fat are about the only two things that held a uniform price levels during the war and after.

And after you have made out your personal property tax list, the county treasurer, Sam Adair, will be waiting for you to pay your half of city or county taxes on or before the last day of May. If you're late pay in June, a ten per cent penalty will attach to delinquent taxes.

There are two things always with us, said a noted economist of the tenth century before Christ. The inscription was written on a pad of clay and then baked and was deciphered by a South Dakota professor. It stated that death and taxes are always with us. This, notwithstanding its antiquity, is all wrong. We die but once, but we are taxed annually or often-er.

**Young Peoples Society**  
The Young Peoples society of the Norwegian-Danish Lutheran church will meet Friday evening in the church parlor. Miss Ida Holden and Miss Freda Eggen will entertain.

**Bethlehem Lutheran Aid**  
The Ladies Aid of the Bethlehem Lutheran church, South 7th street will meet Thursday afternoon at 2:30 o'clock in the church parlor. Mrs. Sigrid Swanson will entertain.

## LEAGUE WOMEN VOTERS

Meeting of Speakers' Bureau of League on Friday, May 13, and Program to be Given

At the meeting of the Speakers' Bureau of the League of Women Voters on Friday, May 13, the following program will be given:

"The Shepherd-Towner controversy".....Mrs. W. H. Gemmell  
"A Fair Basis of Taxation".....Mrs. W. C. Rasch  
"The Possibilities of White Park".....Mrs. R. E. Cody  
"Some Practical Americanization Work".....Miss Adair  
"How the Law Protects the Illegitimate Child".....Miss Engberg  
"A Cabinet Officer for Art".....Miss Barbara Armstrong

At the last meeting, the chairman, Mrs. W. C. Cobb, discussed the "Introduction", and at this meeting she will take up "The Essentials to be Kept in Mind in Preparing the Body of the Speech." Each speech will be strictly limited to five minutes.

As this will be the last meeting of the Speakers' Bureau this spring, visitors will be welcome. Visitors and members are requested to meet promptly at 4:30 o'clock and there is very little time for discussion unless it begins promptly. The meeting will be in the usual place.

## Junior Missionary Club

The Girls Junior Missionary club of Clara Lutheran church will meet Wednesday evening, May 11 at the home of Margaret Anderson, 1504 Oak street.

The following program will be given:  
Planologue.....Alice R. Johnson  
Reading.....Margaret Anderson  
Vocal solo.....Alice G. Johnson  
Reading.....Myrtle Johnson  
Piano solo.....Gunhild Nelson  
All members are urged to be present as important business will be taken up.

## First Baptist Church

On Sunday evening next there will be given a sacred concert by Mrs. Irene Cain Osborn of Montana, formerly of Brainerd, consisting of several choice selections. Mrs. Osborn is well known in the city and her coming will be a delight to all who know her.

The excellent program will be given later.

## Midweek Prayer Meeting

The midweek prayer meeting at First Baptist church will be at 8 o'clock Thursday evening to which a large number should attend. The meeting lasts one hour. The pastor will lead.

## Norwegian-Danish Lutheran Aid

The Ladies Aid of the Norwegian-Danish Lutheran church will meet on Thursday afternoon in the church parlor. Mrs. A. Sheffo and Mrs. G. O. Huseby will entertain. Everybody welcome.

## Evangelical Aid

The Ladies Aid of the Evangelical church Forsythe street and Fourth avenue will hold its regular meeting in the church basement, Thursday afternoon, May 12th at 2:30 o'clock. Visitors always welcome.

## Swedish Bethany Church

The Ladies Aid society of the Swedish Bethany church will meet Thursday afternoon at the home of Mrs. Andrew Anderson, 809 11th street. Mrs. Andrew Anderson and Mrs. A. T. Anderson will entertain. All are welcome.

## VICTORY MEDALS SHOULD BE CLAIMED

Mayor F. E. Little has received this letter from F. E. Frith, Lt. Col. U. S. A.:

"The Governor has issued a proclamation urging all men who were honorably discharged from the Army to apply for their Victory Medals.

"The Victory Medal is a badge of honor that every soldier of the World's War should have. In order that these medals may be secured in time to be worn at the Memorial Day exercises, the Victory Medal Department offices in the Federal Building, Minneapolis, Minnesota, the Bonus Board, Old Capitol, St. Paul, Minnesota, the Post Office Building, Aberdeen, So. Dakota, and the Bonus Board, Bismarck, No. Dakota, are equipped to promptly prepare the applications. All that is necessary is for the ex-service man to mail his discharge, or a certified copy of same, to any one of the offices named.

"Will you not, through the local press, issue a request to the ex-service men of your city and vicinity, urging them to make application for their medals at once so that they may wear them in the Memorial Day exercises in your city. By applying immediately, I can assure you that they will receive their medals by May 30th."

## Winther-Narveson

The marriage of Miss Alice Christine Shelly Narveson, daughter of Mr. and Mrs. K. Shelly Narveson, and the Rev. Olav S. Winther took place Tuesday evening at St. Petri's Lutheran church, Minneapolis. The Rev. P. Winther, uncle of the bridegroom, read the nuptial.

A program of nuptial music was played by Miss Anna Johnson. Miss Agnes Thompson was the soloist.

Miss Adelia Winther was the maid of honor. She wore a gown of pink organza and carried an arm bouquet of pink roses. Miss Alice Anderson was bridesmaid. She wore lavender organza and carried pink roses. Little Helen Winther was flower girl and Gordon Halverson was the ring bearer. Mr. Bernhard Beaverson was best man and M. A. T. Lindquist was groomsmen.

The bride, who was given in marriage by her brother, Mr. Helmer Shelly Narveson, wore a gown of crepe de chine with a tulle veil and carried a shower bouquet of roses, lilies of the valley and white sweet peas.

Following the ceremony, a reception was held in the church parlors for 100 guests. Pink and white sweet peas were used in the decorations.

The Rev. Winther and his bride left for the East on their wedding trip. They will be at home after June 1, in Brainerd, Minn., where Mr. Winther is pastor of the Norwegian Lutheran church.—Minneapolis Tribune of May 9.

## Birthday Surprise

A group of ladies surprised Mrs. Henry Spalding on the occasion of her birthday, visiting her at her summer cottage at Hubert.

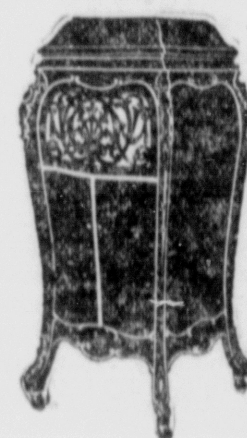

## Have to Eat the Leavings.

The women of California and other fruit-producing states of the Pacific coast are complaining that, while they are charged high prices for the fruit that they must buy, they are unable to get anything but the second-grade produce. Under ordinary circumstances the choicest fruit is sent to the eastern markets and only when the market is glutted are they able to get the best.

# Tone the BLOOD

No doubt your blood needs a tonic at this very moment. You can figure it out for yourself. Is your appetite poor? Are your nerves unsettled? Do you feel weak and tired? We offer a blood tone tablet that is particularly advantageous to the purpose. It is cleverly constructed, of vegetable and mineral nature, and will do more than any liquid preparation we ever sold.

## WOMEN FOR CLEAN POLITICS

The efforts of the League of Women Voters will be directed actively to cleaning up politics and warring upon political bossism, in every state in the Union, if plans made at the convention are carried out.

The preservation of the primary, clean issues, clean elections and clean election officials will be the aims of the campaign conducted by the women of this great organization.

This is work in which every good citizen is interested, and in which every good citizen can and should take part without reference to sex or party lines. It is in no sense a party move save as it should spur each political faction to present such issues and so to conduct its campaigns that no charge of political uncleanness can be made against it.

There are women in every community who have joined no political organization, but who are interested in clean elections and good government. They can further the work for which the league was organized by interesting themselves in these things in their private capacity, keeping informed upon what is going on and giving their support where it will tell for the best measures and the best candidates.

## TO AID FRUIT AND VEGETABLE EXPORTS

The war finance corporation is now ready to help finance fruit and vegetable exports from California. California banks which have been financing such exports will be notified that the corporation will consider applications on any of the following bases:

First, for prompt shipment against deferred payments.

Second, for future shipments within reasonable time against either prompt or deferred payments after arrival, and where goods are under definite contract for sale.

Third, for prompt shipment to warehouses abroad, to be held there for account of American exporters and bankers for marketing out of warehouses.

## SLIGHT CUT IN GOVERNMENT ROLLS

The beginning of the new fiscal year, July 1, will find more than 80,000 employees on the government's pay rolls in the capital. Congress has been unable, despite all efforts at economy, to reduce the executive establishments to anything approximating their pre-war size. Before the war there were 27,000 federal employees in the District of Columbia. When the armistice was signed the number exceeded 100,000. At present it is \$4,911. When the new year begins, between 4,000 and 5,000 will go because their salaries have been cut off.

## Sinn Fein Has Difficult Task Getting Arms

BY AUSTIN WEST  
 (United Press Staff Correspondent)  
 London, May 11—One by one the main supports of the Sinn Fein campaign in Ireland are being swept away by the government forces.

For a long time the Sinn Feiners found it comparatively easy to smuggle war equipment into the country, but the gradual acquirement of control of all ports and systematic searching of ships has made it increasingly difficult to obtain fresh supplies. Even the smuggling out of the country of wanted men, dispatches and anti-British propaganda has been reduced to a minimum.

The task of defeating Sinn Feiners in this manner is in the hands of the Auxiliary Division of the R. I. C. The majority of its members is so varied that between them they could muster crews to navigate any craft from a submarine to a super-dreadnought. Searching squads in charge of officers inspect vessels. A merchant ship having picked up her pilot proceeds into harbor and is boarded by customs officials. On arrival in

dock she is met by the Auxiliaries' search squad.

Most of the firearms and explosives smuggled into Ireland are packed in cases labelled as common merchandise.

Passengers disembarking by tender from the American liners, as well as passengers aboard the mail boats from Kingstown to Holyhead, are scrutinized. All along the coast yachts, vessels of every type are examined. Even small fishing boats off unfrequented villages by the sea do not escape search.

These activities are causing great embarrassment to the Sinn Fein leaders, who are finding it no mean task to obtain a steady flow of munitions necessary to carry on their campaign.

Hold Your Ears  
Explosion Coming

HAROLD JACOBS

(United Press Staff Correspondent)  
 New York, May 11—"Prohibition has removed the American safety valve, and the country will 'blow up' within three years," Andre Tridon, psychoanalyst, declared today.

This "explosion," Tridon explained, would be signaled by the rush of hundreds of thousands of persons to insane asylums and sanitariums.

"The greatest cause of insanity is repression," Tridon said. "Every person is endowed with the craving for self-expression. This may take the form of music, art, oratory or what not. The American people, particularly the Anglo-Saxon element, have been taught to repress these natural desires. A drink or two enabled him to slough off their natural reserve, and they sang, or orated, or did what they most longed for.

"People who did not seek an outlet for these things through the temperate use of alcohol, or the intemperate use of drugs, often became insane—and their insanity took the form of doing to an extreme the thing they had repressed.

"Now we have prohibition. Its strict enforcement will bottle up these emotions and those who lack the strongest of will power will be a prey to nervous diseases, ending in the sanitarium or the asylum.

"This country is like a huge boiler. Excess steam escaped through the safety valve of temperate drinking. Now the valve has been tied down. Like any other boiler, the result will be an explosion."

Tridon emphasized that he is opposed to excessive use of alcohol.

Minneapolis, May 11—Minneapolis today was marketing \$1,231,000 in municipal bonds to improve streets and parks.

## Ramsey Bar Banquet

St. Paul, May 11—E. F. Flynn, of Devils Lake, N. D., president of the Commercial Law League of America, will be a guest of the Ramsey County Bar association at a banquet tonight. It is a farewell dinner for former Attorney General E. T. Young who is leaving St. Paul to reside in California.

## Form Legion Auxiliary

Devils Lake, May 11—A North Dakota section of the American Legion auxiliary will be formed here at the meeting today and tomorrow of representatives of 65 units throughout the state. Prominent in attendance is Miss Pauline O. Curwick, national secretary.

## Farm Workers Scarce

Bismarck, May 11—Experienced farm workers are scarce this year, according to the state federal employment service. An "experienced farm worker" is one who has had from three to five years' work on a farm.

## AMUSEMENTS

At the New Park Theatre  
 Georges Carpentier, who will appear shortly at the New Park theatre in "The Wonder Man," is known as the gentleman of the boxing ring and an all-around athlete.

In his tastes and amusements this sporting "Beau Brummell" could set a standard for members of the social world everywhere. He is fond of the theatre, but prefers serious plays to variety and he likes grand opera better than jazz music.

He is one of the best amateur billiard players in Europe, belongs to the smartest clubs of Paris and London, is an excellent horseman, and expert fencer, a fine swimmer, a crack carman, plays golf and tennis and pole-vaulting clears the bar at six feet two inches.

Cortland Griffith prepared for the role of Rosalie Ray in "The Garter Girl" by taking special instruction in dancing from Alexis Rosloff, a member of the Russian ballet. She had several costumes designed for some very difficult solo dances she performs in the feature. Showing at the Lyceum tonight and Thursday.

## April Fool Jokes

According to tradition the custom arose from the fact that Noah sent out the dove on the first of the month, which corresponded to our April. Before the water had abated. To perpetuate the memory of the great deliverance of Noah and his family, it was customary on this anniversary to punish persons who had forgotten the remarkable circumstance connected with the date by sending them on some foolish errand, similar to that on which the patriarch sent the luckless dove from the windows of the ark.

## Roman Baths Overpraised

The baths of ancient Rome so wonderfully pictured by painters and story tellers, do not compare favorably with the modern bath. Judged by standards prevailing before the coming of Christ these baths were wonderful, but measured by standards of today the glories of Rome, master of the highest degree of civilization in the ancient world, would be declared unsanitary and likely be condemned as menaces to the health of users.

## Eruptions of Kilauea

The great eruptions from the volcano of Kilauea, in the eastern part of the island of Hawaii, were those of 1789, 1823, 1832, 1840 and 1863. Kilauea-iki, a companion crater lying a mile north of the main crater, is now extinct.

# Luscious California Oranges!

## —Buy Them Now

**S**WEET, juicy, SUNKIST Oranges—California's delicious fruits—are in plentiful supply at all first-class stores.

Taste them—see how good they are. Use them in the several ways described below. Eat more oranges and less of heavier foods. Let them help to keep the family well.

Buy a dozen and keep them within reach—in your pantry, in a bowl on your sideboard, in a dish in the living room, on a plate in the bedroom to eat just before retiring.

Get the habit of eating at least one orange daily. Start it now.

## Let Oranges Serve You in These Ways

### Busy-day Desserts For Shopping and Sewing Days

Delicious dishes—tempting, dainty and attractive in appearance—are prepared in a jiffy when you have oranges at hand.

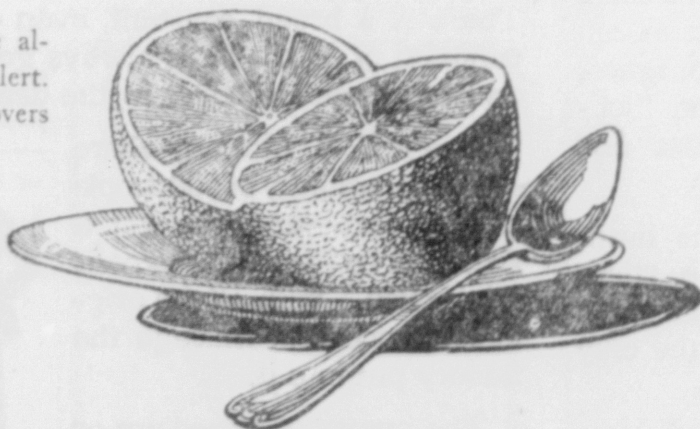

You simply slice, cut or chop them, and serve them plain, or with coconut, bananas or other fruit or nuts for the greater variety. Such food is both salad and dessert. And, best of all, it's the healthful kind.

You don't have to cook these dainty dishes. Serve them often and save time.

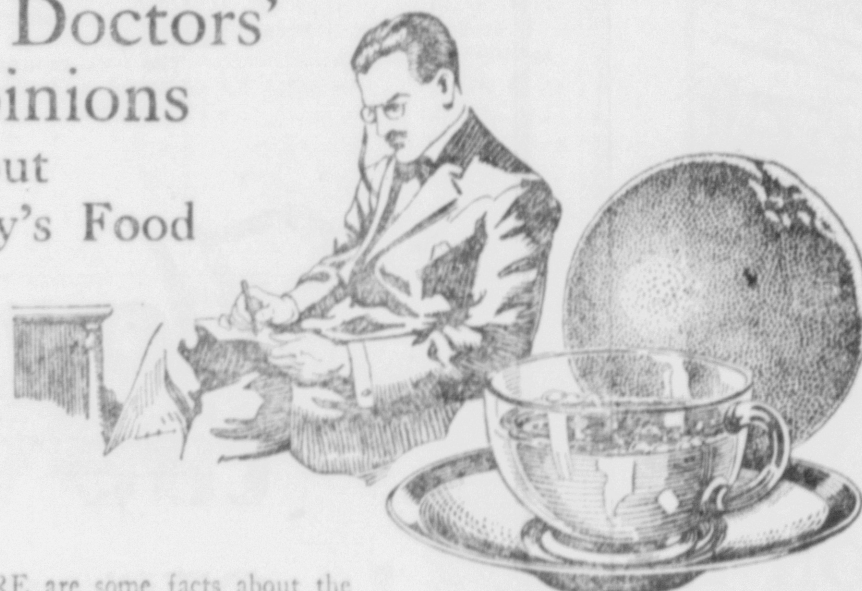

### A Man's Breakfast Fruit

Note the men who are always bright-eyed and alert. They are usually the lovers of fresh fruit.

Oranges are a real man's breakfast fruit—see that your men folk get the healthful salts and acids of the orange every morning.

### 93 Doctors' Opinions About Baby's Food

**H**ERE are some facts about the feeding of children that every mother will be glad to know. We asked this question of 118 physicians—"What fruit is best for children under three years of age?" One hundred and seven mentioned oranges as one of the most beneficial fruits.

Ninety-three of the 107, or nearly 87 per cent, designated oranges without referring to other fruits.

"Oranges (juice) form a valuable article in the dietary of the infant and child, and one that is with difficulty replaced by any other fruit," said one. "I know of no other fruit that is so excellent for the human being from infancy to old age," was another's view.

"Some fruit juice should be given to most healthy children every day. \* \* The best fruit juice is that of the orange, which should be fresh and sweet." The last is the belief of one of America's most renowned baby specialists.

We could add endless comment. But, better than that, we refer you to your own physician. Show him these statements. Ask him what he thinks and be guided by his advice.

The following is quoted from the "Keep Well Series," circulated by the Government through the Treasury Department, United States Public Health Service:

"Bottle-fed babies should have orange juice each day after the first month."

### Five-minute Lunches For Busy Women

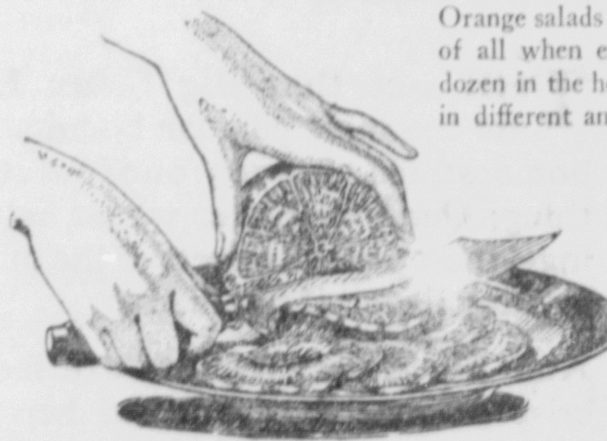

You can make a meal of oranges—a quick, delicious meal. There's nothing else so good, and there's no cooking, fuss or trouble.

Five minutes, and you have a luscious fruit dish, a cup of tea and bread and butter. And that's as healthful and as nourishing a noon repast as any woman wants on busy days.

### For Easy Entertaining

Orange salads and desserts are the handiest dishes of all when entertaining. It is easy to keep a dozen in the house, and it is easy to prepare them in different and attractive ways.

Sunkist oranges, being practically seedless and meaty, slice easiest and look best in salads and desserts.

Send coupon below for free book of "Sunkist Recipes," by Alice Bradley, principal Miss Farmer's School of Cookery, Boston.

# Sunkist

Uniformly Good Oranges

Eat more oranges. They are good, and good for you. Serve them sliced, halved or extract the juice for breakfast. Serve them in salad for lunch and in desserts at dinner. Let the whole family have the benefit of this fine fruit in some form every day. Sunkist oranges are firm, but tender, juicy and sweet. They slice best and are easiest to separate and cut. All first-class dealers sell them. Get a delicious dozen now.

## CLEARING LAND AT \$125 AN ACRE

"The Berry Grower" Published in Seattle, Wash., Gives Prominence to R. W. Seelye

### EXPLAINS METHODS HE USES

Clears More Than an Acre a Day of Enormous Stumps With No Powder and 5 Men Crew

"The Berry Grower" published in Seattle, Wash., gives prominence to a former Brainerd man, R. W. Seelye and describes his original method of clearing land with machinery, a five-man crew working with no powder, and clearing an acre a day at the cost of \$125 an acre. Stumps in Washington are as big as a cabin in Crow Wing county.

Here is what the magazine states in the article:

"Land clearing is the one important item from an agricultural point of view among the people of Western Washington and Oregon. Whether they be interested in fruit growing, dairying, or some other farm activity, it matters not; they are all interested in overcoming the difficulties attending the placing of the hundreds of thousands of acres in a condition fit for cultivation.

"If all that has been said about land clearing has been printed, it would stock an ordinary library. Theories and some practical ideas have been advanced again and again but still the cost of clearing land continues to be almost prohibitive.

"It is very refreshing to come into contact with a man that has the theory and can prove that theory by actual performance. Such has been our experience within the past week and its uniqueness alone has prompted us to pass along the result of our observations, so that others may profit thereby.

"The principal actor in our story is R. W. Seelye of the Seelye-Tanner Company, which is placing a large tract of land on the market in the vicinity of Alder, southeast of Tacoma.

ma. Mr. Seelye is a man of big mind, body and vision.

"The tract under consideration has been logged off and is said to have made a record for the amount of lumber produced from it. The stumps are much larger and more numerous than the general average in this state.

"Now, when Seelye tackled this clearing game, he brought to bear experience gained through years spent as an engineer. He knew machinery and what it could do. He had cut his eye-teeth in the logged-off land business and realized fully what confronted him.

"Incidentally it may be mentioned right here that when Uncle Sam had trouble keeping the ore necessary for war activities moving from the Great Lakes territory to the factories that Seelye was the man selected for the job and he kept things running like clockwork where others had failed. That is mentioned to show the caliber of man he is.

"Here is what Seelye is doing in land clearing business. He is clearing at a rate of better than an acre a day without the use of powder and with a five-man crew. He says that he expects to do two acres a day when the crew has had more experience in handling the equipment according to his method. The cost per acre is estimated by him to be less than \$125 an acre, cleared and graded.

"Here is what we saw when we visited the land. He had a donkey engine of the ordinary logging type. He hitched his tackle on a stump that was at least 6 feet in diameter, with two smaller stumps of ordinary size and a tree approximately 50 feet high and one smaller in close proximity. A large root as big as a man's body could be seen running towards the engine. After a few preliminary 'loosening up' pulls were made, the engine opened up and the entire mass gave way, including the big stump, small stump, and trees. This was done with only one choker on the stump when two are generally used in such cases and three may be used.

"The stumps grow in a magnificent soil of Olympic silt loam, which although not the most difficult, is by no means the easiest soil from which stumps may be pulled. After the

demonstration mentioned, we were thoroughly convinced that the outfit used could pull any stump grown.

"While in the general run of their operations, we timed the work and noted that three stumps larger than the average were pulled within ten minutes.

**Washes Off Dirt**  
"After the stump is pulled, Mr. Seelye uses hydraulic power to clean the dirt from the stump and wash it back into the original hole. The land is crossed by numerous streams that are fed by springs in the hills and furnished an abundance of water for all purposes. By means of a hose and pressure provided by the donkey engine, the dirt is sluiced off the stump and back into the burning and at the same time preserving the rich soil for future use.

"The stumps are piled by the high line process in piles about fifty feet high. A tunnel is left in the center which is filled with inflammable material and thoroughly saturated with kerosene. The idea is to obtain a quick, hot fire at the beginning without which the burning would be a failure, leaving a mass of charred stumps. Fires are later started at the edges. Mr. Seelye says that the largest stumps are burned without splitting and that he had no trouble when using this method.

"The estimate of costs as given include \$25 an acre for uprooting and cleaning the stumps, another \$25 for piling and burning, and \$75 for grubbing roots and grading. This last estimate, according to Mr. Seelye, is a little high.

**Had Equipment Made**  
"He uses a blue core Special Plov-Steel Robelin rope 1-1/2 inches, 6 strands, 19 wires to the strand, as a choker type. This rope is quoted at \$1.10 a foot. The main rope is the same as the choker rope except it is 1 1/8 inches. The price is 62 cents. "The choker hooks are special made and larger than the ordinary stock hooks. The blocks are manganese steel sheave in white iron frame and weigh 120 pounds each. They are 12-inch blocks.

**General Observations**  
"The land where the clearing was done is in a moist condition and can be depended upon to retain the mois-

ture even in the driest season. This facilitates the work.

"The tackle is moved by the engine by means of a 'pull back' rope on a second drum. The tackle is transferred from stump to stump with little effort, the crew lifting the ropes over intervening obstructions. After being anchored, the engine will clear in a radius of 650 feet.

"This plan of clearing appeals to us as being the best that has yet been demonstrated in the Northwest as far as we have been able to ascertain.

"After appropriating the plan of this concern as a topic of discussion it is only fair that we go a little further and add that the Seelye-Tanner people have one of the finest pieces of property placed on the market around Seattle in many years. A state specialist on soils accompanied us on the trip mentioned and pronounced the soil ideal for fruit growing. To use his words, 'It will grow anything'.

"The company is bringing out a group of colonists from the East to settle the property and their plan calls for a townsite, canning plant, including juice-making machines adapted to both grape and loganberry, a power plant with power obtained from the Nisqually river, a horticulturalist to supervise fruit growing activities, and other advantages of special merit.

"What with the fertility of soil, mildness of climate, abundance of moisture and water for irrigation when needed, perfected marketing conditions, and the facilities above mentioned, this property in Pleasant Valley in the shadow of Mount Rainier or Mount Tacoma, take your choice, will inevitably become one of the greatest of Western small fruit centers."

### WEEKLY BUSINESS REVIEW

As Complied by the Merchants National Bank of St. Paul Shows Conditions Improving

St. Paul, Minn., May 11.—Numerous protests from residents of rural sections against any movement to close the Minnesota State Fair on Sunday, this fall; a tremendous increase in road building activities in all sections; notable development of city park and tourist headquarters programs; improvement of the purebred cattle business and an increase of unemployed both in the Northern and Southern counties, are among leading Minnesota developments reported during the past week to the Merchants National Bank of Saint Paul for its business review.

Bankers and newspaper publishers in various sections reported that the attitude of farmers toward closing the state fair gates on the Sunday of air week, was generally hostile. Some of the farmers, it was said, approved the closing of all carnivals attractions and the "muzzling of barkers", but they were of the opinion that the exhibits and other educational features should be available to the visiting thousands—many of whom, they said, cannot visit the fair on any day but Sunday.

Opening of navigation has developed a very slight movement in ore thus far. Reports from Iron Range centers were not optimistic but bankers said that ore operators are hoping for a "June readjustment." It has been noticeable that there is an increasing movement towards agriculture in the Northern counties. The land clearing movement, inaugurated in Beltrami and Itasca counties has made a decided impression and is receiving

national advertising, partly through the agency of companies manufacturing explosives.

"Minnesota is all ready to go but farmers and business men can't spend money they haven't got or cannot borrow," said one banker commenting upon the dairy industry. A Northern Minnesota newspaper publisher made the declaration that "money is tighter, but prospects are brighter" than they have been since last summer. Americanization work has been making considerable headway among foreign colonies in Northern Minnesota. Miners and other new comers have been less reluctant to renounce old allegiances than formerly and it is said that the American Legion is playing a vigorous part in this work.

The spring movement of vagrants is underway in Southern and Western Minnesota. Officials in Southern counties told bankers that they do not expect much trouble from tramps this summer because, they said, vagrants usually keep out of states which are putting through a road building program. Scattered reports of the unemployment problem, indicated that more men are seeking farm work, than were available a month ago or at this time last year. Numerous employment agencies have informed farmers' clubs that they can supply all the labor wanted at "a fair wage."

Home building prospects seem slightly improved. Union workers in some cities voted to reduce their wage scale from 19 to 20 per cent. Real estate and home building companies are increasing their advertising. At present, reports indicate that there will be more home building—on the basis of population—in villages and smaller cities, than in larger communities. A number of hotels

are slated for erection in the Northern lake counties, partly as a consequence of legislative action providing a fund for further advertising of Minnesota's wonderful summer resort resources. Advice from Bemidji, Brainerd, Fairmont, Albert Lea, Duluth and other cities, indicate that summer hotels and steamboat lines will be in operation earlier than usual.

### THE WEARY WAY

Daily Becoming Less Wearisome to Many in Brainerd

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, 'Tis a weary way, indeed.

Doan's Kidney Pills are especially for kidney trouble.

Are endorsed by Brainerd citizens. Mrs. J. C. Hadersbeck, 708 Seventh St., S., Brainerd, says: "I was suffering from kidney trouble and my back was in a painful condition. For a week at a time I could hardly get about to do my work; everything seemed to drag to me. My head also ached. I knew my kidneys were disordered so I began using Doan's Kidney Pills. I soon got relief and felt better in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hadersbeck had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### Very Good Venezuela

Few people in the United States remember that Henry Clay about one hundred years ago was pleading for the recognition of the Spanish-American republics, but Venezuela, which will name a park in his honor, has not forgotten.—Boston Transcript.

## How Well Do You Know this Package?

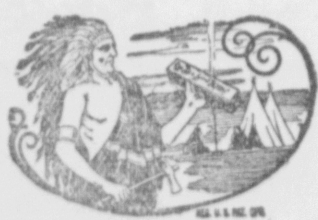

Over a MILLION Packages of Big Sioux Biscuits Baked and Sold

THE fact that Big Sioux Biscuits are the most popular biscuits in their home states, proves one outstanding thing: **Quality.** Better wheat, better baking—these are the secrets of the unusually inviting flavor of Big Sioux.

And Big Sioux Biscuits are fresh and crisp because they're baked here in the West and sealed-right in large, full-value Big Sioux Packages.

Always have Big Sioux Cookie-Cakes and Crackers in the house and serve them with everything from soups to desserts.

Grocers like to sell big-value articles as evidenced by their enthusiasm in selling Big Sioux Biscuits. Your Grocer renders an important service in the community and deserves your goodwill and patronage.

### THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season.

The stripe around the sidewall is registered as a trade-mark in the U. S. Patent Office.

## How you can measure tire value in 1921 —

"Any U. S. Tire is a universal full-money's worth."

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hard-pan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

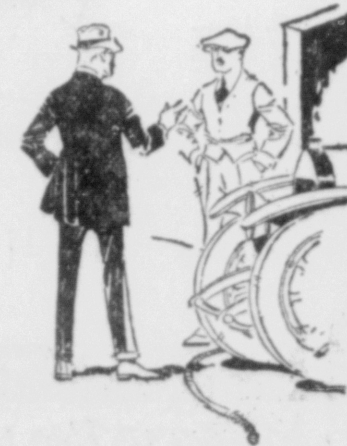

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

"The different tire views that come out in a chance talk."

## CLASS OF 61 AT HIGH SCHOOL

Commencement Exercises Will Be  
Held at New Park Theatre on  
Friday Evening, June 3

MISS THEDA GILDEMEISTER

Dean of Winona Normal School to be  
Commencement Speaker—Bac-  
calaureate Service May 29

One of the largest classes in the  
history of Brainerd high school, 61,  
is to be graduated this year and the  
commencement exercises will be held  
at the New Park theatre on Friday  
evening, June 3.

The commencement speaker will be  
Miss Theda Gildemeister, dean of the  
Winona Normal. Miss Gildemeister  
was engaged last year and at that  
time sickness detained her from  
filling her engagement.

The roster of the 1921 class fol-  
lows:

Albert Kent Angel  
Tena Ovedia Backen  
Letha Llewellyn Baker  
Ethel Marie Betts  
Ethel Mae Campbell  
Chester L. Carjala  
Irene F. Cardle  
Marguerite M. Carmichael  
Walter James Cullen  
Franklin Edgar Ebner  
Lillian Alberta Engbretson  
Ray E. Engbretson  
Ruth Verdamarie Ellingboe  
Elsie M. Erickson  
Eugene Theorin Erickson  
George Frederick Engstrom  
Arthur P. Fricker  
Marjorie Helen Grimes  
Clara Theresa Hamre  
Myrtle Hannah Headman  
Carl Edward Hendrickson  
Robert R. Hill  
Theodora E. Hillard  
Helen G. Hoerner  
Ida Amelia Holden  
Helen Henrietta Hukari  
Bruce J. Jensen  
Harold William Jones  
Violet S. Jorgensen  
Cecilia C. Kaluscha  
Jennie I. Keller  
Irvin Monroe Lagerquist  
Oscar H. Lee  
Werner Norman Mahlum  
Grace E. McCall  
Edie Beatrice McCloskey  
Gertrude Anne McGarry  
Cora S. Mattson  
Clayton Fay Mayo  
George H. Molstad  
Emily B. Mraz  
Mayme Olivia Nelson  
Beatrice H. F. Peters  
Violet L. Peterson  
Blanche May Potter  
Irene Cecelia Quinn  
Nellie Irene Rardin  
Ione Marie Rowley  
Lorna D. Sampson  
Gladys Viola Senn  
Esther Elizabeth Setula  
Clarence Norman Sheffo  
Gayle Elaine Simmons  
Abner J. Swanson  
Anna Marion Templeton  
Knut Thoe  
Arthur M. Weber  
Clifford Edward Welsh  
Lillian Christine Wicklund  
Harry M. Wolvert  
Mildred Katherine Zierke

The baccalaureate services will be  
held at the high school assembly room  
on Sunday evening, May 29, and the  
speaker will be Rev. S. M. Kelly of  
the First Presbyterian church. The  
public is cordially invited to attend.

### CHAMBER COMMERCE MEETING TONIGHT

The Chamber of Commerce has its  
regular meeting tonight and all mem-  
bers are urged to attend. The ses-  
sion starts promptly at 8 o'clock.

#### EAGLES ELECTION

Wm. J. Lyons Elected Worthy  
President of Brainerd Aerie  
No. 287

Brainerd Aerie No. 287, Fraternal  
Order of Eagles, elected the following  
officers for the ensuing year:

W. President—Wm. J. Lyons.  
W. V. President—H. M. Anderson.  
W. Chaplain—H. J. Caron.  
Secretary—Henry Krause.  
Treasurer—A. P. Drogseth.  
Trustee—S. R. Adair and A. C. Mraz.  
I. G.—Warren Campbell.  
O. G.—Henry Schultz.  
Aerie Physicians—J. A. Thabes and  
E. F. Jamieson.  
Installation of officers will be held  
on the second Tuesday in June.

## BRAINERD HIGH TO PLAY LITTLE FALLS

(Contributed by D. H.)

On Friday the local high baseball  
pine will lineup for a return game  
at the Koorring field against the last  
Little Falls team. In the game play-  
ed at the down-river town two weeks  
ago the local boys returned with a  
overwhelming 16 to 6 victory. The  
game was featured by the hard hit-  
ing of the local boys who connect-  
ed for 25 safe hits.

The boys have been practicing un-  
der great difficulties this week due  
to the fact that the rainy weather of  
the last few days has put the Koor-  
ring field in such a condition that a  
boat is needed to travel from first to  
second base and the outfield remind-  
ing one of the river flats.

In the game on Friday the boys are  
determined to even up the deficit  
handed them last week by the Cros-  
by-Ironton high. The local boys play-  
ed a miserable game, there being 14  
errors checked against them. Eddie  
Hendrickson and Bobbie Hill along  
with Knute Thoe played a good game  
of ball, Hill getting 3 hits out of  
four times to bat, Hendrickson hav-  
ing nine strikeouts to his credit and Thoe  
playing a wonderful game in the out-  
field nailing every hit ball from in-  
field to the fence.

The game on Friday will com-  
mence at four p. m. sharp and a large  
crowd is expected from Little Falls.  
So lets go every one.

The local battery from all indica-  
tion will be Hendrickson and Hill.

The score by innings of the Brain-  
erd-Crosby game was as follows:

Brainerd	000	010	001	—2	10	14
Crosby	120	000	204	—9	8	5

Summary—3 base hits Hill; two  
base hits, Hurley, Ellingson; stolen  
bases Hurley 3, Hill 2, Nyman 1, El-  
lingson 1; double play, Erickson to  
Hurley; base on balls, Hendrickson  
1, Young 1; struck out by Hen-  
drickson 9, Young 8. Umpire Gaskill.  
Time, too much.

#### WOODROW

There will be a dance in Cannon  
hall Saturday evening, May 14th.

All are busy farming or garden-  
ing. Larger tracts than usual are be-  
ing planted. Nothing much doing in  
poultry business.

J. P. Dullum and John Shuffin  
made a business trip to Brainerd Sat-  
urday, also H. A. Olson and family.

Mrs. Lafe Hanson and daughter,  
Irene, have been on the sick list.

Evelyn Dullum has just recovered  
from an attack of German measles.

Miss Ivy Hanson has been visit-  
ing friends and relatives in Woodrow.

Harry Strand is employed on the  
section.

Mr. and Mrs. Frank Patrick were  
Brainerd callers Friday.

Recent rains stopped ares in this  
vicinity.

BRAINERD DISPATCH ADS PAY

### Sweeney Says:-

Fishing season opens next Sun-  
day. Are you ready? Get out  
your tackle, look it over, then  
come in and let us fit you out  
with a new outfit.

Do it now, and be ready to  
get the big ones Sunday.

You will enjoy trading here.

## DISTRICT COURT PROCEEDINGS

Case of Barney King Charged With  
Robbery First Degree Now on  
Trial

DEFENDANT WAS ON STAND

Jury Declares W. T. Dalton Not Guil-  
ty of Charge of Shooting a  
Horse

In the case of the State of Minne-  
sota vs W. T. Dalton, the jury found  
the defendant not guilty. He had  
been charged with unjustifiably kill-  
ing a horse belonging to Peter New-  
man.

In the case of State of Minnesota  
vs P. K. Wetzel trading as  
Purity Grocery Co., judgment was  
ordered as per stipulation.

In the case of State of Minnesota  
vs Hugo Olson a motion to dismiss  
the appeal was denied.

In William E. Bailey vs Ivan C.  
Dimmick, motion by plaintiff to dis-  
miss the appeal was granted and  
judgment of the lower court, munic-  
pal court, village of Crosby, was af-  
firmed.

The case of Barney King charged  
with robbery in the first degree is on  
trial this afternoon. King stated his  
real name was Kazynski and that  
owing to its being a difficult name to  
spell and pronounce, he used the  
name of King.

King is one of three men charged  
with robbing the store of Paul Muhar  
in Crosby of cash amounting to \$125  
on April 13, and the indictment  
names as King's associates in the  
robbery John Gilbert and Walter  
Intli.

Witnesses Wednesday morning  
were C. A. Lewis, deputy sheriff of  
Crosby; Paul Muhar, owner of the  
Crosby store; Steve Muhar, Phil Per-  
anich and John Krpan. Upon recall-  
ing Lewis, the state rested.

The defendant's case was opened to  
the jury by D. H. Fullerton, the lat-  
ter having been appointed by the  
court to defend King, John Gilbert  
and Walter Intli.

Barney King was called and sworn  
in his own behalf.

Our First Sale of New Coats

**\$28.95 for Coats Previously Selling to \$45.00**

These Go on Sale Thursday

A manufacturer, able to buy a lot of cloth very reason-  
ably, offered some choice coats at a big reduction. We  
purchased a number and pass them on to you.

These coats are the better models of choice late styles.  
They are made of the beautiful soft cloths so much  
wanted. They are all lined throughout with silk.

The colorings too, are all choice. Just the colorings  
young women will want and colorings much in vogue  
this season.

Equal values have been selling as high as \$45.00 dur-  
ing the season. These are very special and should sell  
quickly.

When Jack fell down and broke his crown,  
He also wrenched his spine;  
And from that spill upon the hill,  
One leg was out of line.

His HEART was sad, his STOMACH bad,  
His KIDNEYS, too, were shirking;  
But the Chiro quick, gave Jack a lick,  
That put him back to working.
